**Dear Parents and Friends,**

Congratulations and many thanks to our hardworking P&C who completed a successful pie drive this week. Those of us who enjoy easy dinners are especially grateful!

For the past few years Wollumbin High School has run a Targeted Writers Program for selected students in Year 6. The aim is to improve the writing skills of those students who already demonstrate interest and capability. We have three students participating in the program this year. Since it all happens online via Edmodo, our whole class is taking an interest. Ms Giddins, Head Teacher English at Wollumbin High School generously provides her time to organise, supervise and run the program across five primary schools while also providing very useful feedback. We are all grateful for the opportunity.

The cooler weather is a great time to raise our activity level. At school we have brought the skipping ropes back out and it is amazing to see how quickly our students become very skilled. Parents and carers may even remember some skipping games from their own school days that can be shared *with our students!*
